management van (pre-) maligne afwijkingen van de baarmoederhals

Follow-up of abnormal or inadequate cervical smears using two guidance systems: RCT on effectiveness.

Hermens RP, Siebers BG, Hulscher ME, Braspenning JC, van Doremalen JH, **Hanselaar** A, Grol RP, van Weel C.

Prev Med. 2005 Nov-Dec;41(5-6):809-14. Epub 2005 Sep 19. PMID: 16169582

Management of patients with two consecutive ASC-US smears.

Bekkers RL, **Hanselaar** AG, Melchers WJ, van Schaik JH, Boonstra H, Massuger LF.

Eur J Gynaecol Oncol. 2004;25(6):677-81. PMID: 15597842

Tumours of the Vagina: Epithelial tumours.

Andersen ES, Paavonen J, Mumaghan M, Ostor AG, **Hanselaar** AG, Bergerson C, Dobbs SF.

in: Tavasoli FA, Devlee P (Eds) World Health Organisation Classification of Tumours. Pathology and Genetics of tumours of the Breast and Female Genital Organs. IARC Press Lyon 2003 293-301.

Tumours of the Uterine Cervix: Epithelial tumours.

Well M, Ostor AG, Crum, Franseschi S, Tommasino M, Nesland JM, Goodman AK,

Sankarananayanan R, **Hanselaar** AG, Albores-Salvedra J.:

in: Tavasoli FA, Devlee P (Eds) World Health Organisation Classification of Tumours. Pathology and Genetics of tumours of the Breast and Female Genital Organs. IARC Press Lyon 2003 262-279.

[Wait-and-see policy versus loop excision after two consecutive Pap-2 cervical smears: over time less surgery and an equivalent outcome; no substantial contribution to be expected from the detection of high risk human papillomavirus].

Bekkers RL, **Hanselaar** AG, Melchers WJ, van Schaik JH, Boonstra H, Massuger LF.

Ned Tijdschr Geneeskd. 2003 Feb 15;147(7):302-6. Dutch. PMID: 12622008

Prevalence of squamous abnormalities in women with a recent smear without endocervical cells is lower as compared to women with smears with endocervical cells.

Siebers AG, de Leeuw H, Verbeek AL, **Hanselaar** AG.

Cytopathology. 2003 Apr;14(2):58-65. PMID: 12713476

Metaanalysis of the accuracy of rapid prescreening relative to full screening of pap smears.

Arbyn M, Schenck U, Ellison E, **Hanselaar** A.

Cancer. 2003 Feb 25;99(1):9-16. PMID: 12589640

Liquid-based cervical cytology.

Klinkhamer PJ, Meerding WJ, Rosier PF, **Hanselaar** AG.

Cancer. 2003 Oct 25;99(5):263-71. Review. PMID: 14579292

Criteria for organized cervical screening programs. Special emphasis on The Netherlands program.

Hanselaar AG.

Acta Cytol. 2002 Jul-Aug;46(4):619-29. PMID: 12146020

The role of genotype-specific human papillomavirus detection in diagnosing residual cervical intraepithelial neoplasia.

Bekkers RL, Melchers WJ, Bakkers JM, **Hanselaar** AG, Quint WG, Boonstra H, Massuger LF.

Int J Cancer. 2002 Nov 10;102(2):148-51. PMID: 12385010

The value of loop electrosurgical conization in the treatment of stage IA1 microinvasive carcinoma of the uterine cervix.

Bekkers RL, Keyser KG, Bulten J, **Hanselaar** AG, Schijf CP, Boonstra H, Massuger LF.

Int J Gynecol Cancer. 2002 Sep-Oct;12(5):485-9. PMID: 12366667

[A repeat advice no longer applies for cervical smears without endocervical cells in population studies for cervical cancer].

Hanselaar AG, Helmerhorst TJ, van der Veer P, Drenthen T.
Ned Tijdschr Geneeskd. 2002 Aug 24;146(34):1578-80. Review. Dutch. PMID: 12224480

Fluctuations in prevalence of cervical human papillomavirus in women frequently sampled during a single menstrual cycle.

van Ham MA, Melchers WJ, **Hanselaar** AG, Bekkers RL, Boonstra H, Massuger LF.
Br J Cancer. 2002 Aug 12;87(4):373-6. PMID: 12177771

Endocervical status is not predictive of the incidence of cervical cancer in the years after negative smears.

Bos AB, van Ballegooijen M, van den Akker-van Marle ME, **Hanselaar** AG, van Oortmarsen GJ, Habbema JD.
Am J Clin Pathol. 2001 Jun;115(6):851-5. PMID: 11392881

[Test for human papillomavirus: no added value by inclusion in improved population screening for cervical cancer at this point].

Hanselaar AG.
Ned Tijdschr Geneeskd. 2000 Aug 26;144(35):1668-71. Review. Dutch. PMID: 10981233

Clearcell-adenocarcinoom wijst op DES-gebruik door de moeder.

Hanselaar AGJM
In: van Everdingen JJE, Kaandorp CJE. (Eds) Medische Misvattingen; Nieuwe inzichten in de geneeskundige praktijk. 1999 202-204

Uitstrijkjes helpen niet om clearcell-adenocarcinoom te ontdekken.

Hanselaar AGJM
In: van Everdingen JJE, Kaandorp CJE. (Eds) Medische Misvattingen; Nieuwe inzichten in de geneeskundige praktijk. Bohn Stafleu van Loghum 1999 204-205
